Report of Reviewer

I have reviewed the financial statements on Pages 1 to 5. I have compared them with the financial records of the Club and have received all the information I have requested from the Treasurer.

In common with many voluntary organisations control over fund raising activities, prior to being recorded, is limited.

In my opinion the financial statements fairly reflect the financial position of the Club as at 28 February 2018 and the financial operations for the 11 months ended on that date.
